

Healthcare with heart

We're a New Orleans-based, non-profit health system on a mission: to provide the best possible care for every person and parish in Louisiana and beyond, and bring a little more heart and soul to healthcare along the way.

Originally founded by Louisiana's only freestanding children's hospital, we've grown into a healthcare system that's built to serve the needs of our communities. Today, we offer five hospital locations: Children's Hospital New Orleans, New Orleans East Hospital, Touro, University Medical Center New Orleans, and West Jefferson Medical Center.

We also have a series of partnerships that help us provide the most comprehensive care, including agreements with Crescent City Surgical Centre, an urgent care partnership with Premier Health, and an investment in a retirement and rehab community, Hainkel Home.

"We proudly provide high-quality medical care at each of our hospitals and clinics, but our goal is to transform our community to be healthier and more resilient. Every day, nearly 10,000 employees of LCMC Health reaffirm that commitment to our patients."

Gregory C. Feirn
Chief Executive Officer
LCMC Health

Our history and growth

Our family of hospitals

Children's Hospital New Orleans

Children's Hospital is a 257-bed, not-for-profit pediatric medical center offering comprehensive healthcare, including over 40 pediatric specialties, delivered just for kids! As the first and largest full-service hospital exclusively for children in Louisiana and the Gulf South, we care for kids from all 64 parishes in Louisiana, nearly every state in the US, and nine countries.

New Orleans East Hospital

Opening in 2014, New Orleans East Hospital is one of the newest hospitals in our region. Our 50-bed facility provides complete surgical, intensive and stroke care, diagnostic imaging, laboratory, rehabilitation, sports medicine, 24-hour emergency services as well as a state-of-the-art diabetes center and multi-specialty clinic to meet the needs of a growing community.

Touro

A New Orleans tradition for over 165 years, Touro is New Orleans' only community-based, non-profit, faith-based hospital. As a full-service hospital, we offer everything needed to care for our city, including labor, delivery and postpartum care, surgical, intensive care, skilled

nursing inpatient services, inpatient and outpatient rehab services, a 24-hour Emergency Department, as well as specialized care through our Woldenberg Village retirement community.

University Medical Center New Orleans

University Medical Center New Orleans, home of the Rev. Avery C. Alexander Academic Research Hospital, offers the latest in medical services and cutting-edge research, while training the next generation of healthcare professionals. As the region's only Level 1 Trauma Center, we play a vital role in treating southern Louisiana's most critically injured patients.

West Jefferson Medical Center

Founded by the citizens of Jefferson Parish in 1956, West Jefferson Medical Center, provides compassionate and quality care for our communities. With 419 beds and a full set of medical services, we're the go-to service in the Westbank region of Jefferson, Plaquemines and St. Charles Parishes. Our extraordinary care is frequently recognized with national accolades, including in patient safety and stroke care.

Our academic partners

LCMC Health plays a vital role in training the next generation of healthcare professionals and education is a key component of our mission. Through our successful partnerships with local universities, thousands of medical, dentistry, nursing, and allied health students train in our hospitals every year.
