Healthcare with **heart**

LCMC Health

We're a New Orleans-based, non-profit health system on a mission: to provide the best possible care for every person and parish in Louisiana and beyond, and bring a little more heart and soul to healthcare along the way.

Originally founded by Louisiana's only freestanding children's hospital, we've grown into a healthcare system that's built to serve the needs of our communities. Today, we offer five hospital locations: Children's Hospital New Orleans, New Orleans East Hospital, Touro, University Medical Center New Orleans, and West Jefferson Medical Center. We also have a series of partnerships that help us provide the most comprehensive care, including joint ownership agreements with Fairway Medical Center, Crescent City Surgical Centre, and an urgent care partnership with Premier Health.

"We proudly provide high-quality medical care at each of our hospitals and clinics, but our goal is to transform our community to be healthier and more resilient. Every day, more than 9,000 employees of LCMC Health reaffirm that commitment to our patients."

Gregory C. Feirn
Chief Executive Officer
LCMC Health

We've got a rich history, but our sights are set on what comes next. We're committed to bringing the latest and greatest in treatments, technology, and medicine to our communities. Working together with our partners, we're making sure the Gulf Coast's healthiest days are ahead of us.

Our unique history and growth

2009	2012-13	2013	2014	2017	2018

2009
LCMC Health is formed out of Children's Hospital to partner with Touro Infirmary, preserving the hospital's legacy of providing healthcare to New Orleans for more than 160 years.

LCMC HEALTH

2012-13
LCMC Health partners with the State of Louisiana to operate the Interim LSU Hospital (ILH), preserving services and access in New Orleans and averting a significant disruption in university teaching programs.

2013
LCMC Health finalizes partnership with the State of Louisiana to operate ILH and the future University Medical Center New Orleans.

2014
LCMC Health partners with the City of New Orleans and assumes management of New Orleans East Hospital, returning a full-service hospital to the area for the first time since Hurricane Katrina.

2017
West Jefferson Medical Center joins the LCMC Health family after a partnership with Jefferson Parish.

LCMC Health expands reach with partnerships throughout Greater New Orleans and at state level through joining Health Leaders Alliance.

Health Leaders Network Partnership for Population Health

2018
LCMC Health introduces LCMC Healthcare Partners, LLC, a clinically integrated network focused on improving care in the Greater New Orleans community.

Our family of hospitals

Children's Hospital New Orleans
Children's Hospital is a 229-bed, non-profit academic pediatric medical center that offers comprehensive healthcare services, including over 40 pediatric specialties, delivered just for children. In fact, we're the only full-service hospital exclusively for children in the Gulf South. Every day at Children's, we care for kids from all 64 parishes in Louisiana, nearly every state in the US, and four different countries.

New Orleans East Hospital
New Orleans East Hospital is one of the newest hospitals to serve our region. Since opening our doors in 2014, we've brought our area access to a full-service hospital for the first time since Hurricane Katrina. Our 80-bed facility provides complete surgical, intensive and stroke care, diagnostic imaging, laboratory, rehabilitation, sports medicine, 24-hour emergency services as well as a state-of-the-art diabetes center and multispecialty clinic to meet the needs of a growing community.

Touro
Touro has been serving the New Orleans community for over 165 years, and today we are the city's only community-based, non-profit, faith-based hospital. And we're more than just where babies come from. As a full-service hospital, we offer everything needed to care for our city, including surgical, intensive care, skilled nursing inpatient services, inpatient and outpatient rehab services, a 24-hour Emergency Department, as well as specialized care through our Woldenberg Village retirement community.

University Medical Center New Orleans
At University Medical Center New Orleans, home of the Rev. Avery C. Alexander Academic Research Hospital, we offer the latest in medical services and cutting-edge research, while training the next generation of healthcare professionals. As the region's only Level 1 Trauma Center, we play a vital role in treating southern Louisiana's most critically injured patients.

West Jefferson Medical Center
At West Jefferson Medical Center, we've been providing compassionate and quality care for our communities since our founding in 1956 by the citizens of Jefferson Parish. With 419 beds and a full set of medical services, we're the go-to for service in the West Bank, Gretna, Harvey, and New Orleans area. Our extraordinary care is frequently recognized with national accolades, including in patient safety and stroke care.

Our academic partners

LCMC Health plays a vital role in training the next generation of healthcare professionals and education is a key component of our mission. Through our successful partnerships with local universities, thousands of medical, dentistry, nursing, and allied health students train in our hospitals every year.
