

The most specialized specialists

At University Medical Center, home of the Rev. Avery C. Alexander Academic Research Hospital, you can count on us to bring the latest and greatest expertise to your care, every time you step through the door.

As the region's only Level 1 Trauma Center, we play a vital role in treating southern Louisiana's most critically injured patients.

“As an academic medical center, our finger is on the pulse of the latest treatments and technologies in medicine. Along the way, we make sure our specialized care is delivered with our signature heart and soul.”

Emily Sedgwick, MD
President & Chief Executive Officer
University Medical Center
New Orleans

Our unique history and growth

2013

Interim LSU Hospital joined the LCMC Health system in June 2013 after a public-private partnership reached with the State of Louisiana.

2015

University Medical Center New Orleans opened August 1, safely relocating 131 patients from Interim LSU Hospital to the new, state-of-the-art medical facility.

2020

The Burn Center received American Burn Association verification, the Outpatient Surgery Center opened, and construction began on second parking garage.

2021

The new 1,365-space parking garage opened for hospital staff and the outpatient Behavioral Health Center opened at 2475 Canal Street.

University Medical Center trains over 2,800 future healthcare providers every year
