

Elevating healthcare. Improving lives.

At Lakeview Hospital, we offer the most advanced medical and surgical technologies available to St. Tammany Parish residents in state-of-the-art facilities.

Lakeview Hospital is a full service, acute care hospital includes a 24/7 Emergency Room, a Heart Center, a Surgical Institute, a Rehabilitation Center, and a Behavioral Health Center. Lakeview's staff of over 1,000 includes 745 employees and 308 physicians/specialists, all working to provide a standard of care patients can count on, including nationally recognized heart and stroke care, diabetes care, orthopedic services, outpatient rehabilitation services, women's care, award-winning behavioral health services, and a full range of outpatient services. Our emergency department is the only level II trauma center in St. Tammany Parish and the only local ER staffed with all board-certified physicians. It is also a senior-friendly designated ER, designed to enhance the overall experience for people aged 65 and over. LCMC Health Physician Group employs over 30 physicians who see patients at 11 convenient locations on the Northshore providing care in family medicine, general surgery, heart care, internal medicine, orthopedics, and vascular care.

Ben Richaud
Chief Executive Officer
Lakeview Hospital

"Lakeview Hospital's goal is to continually improve and expand the Northshore community's access to high quality healthcare. Our purpose and ambition is for that care to be extraordinary and delivered with heart, soul, and human compassion."

Our unique history and growth

1977

Opened our doors as a full-service community hospital and emergency room serving the Northshore community.

1995

Moved campus to current location.

2009

One of the only Northshore hospitals to have an Emergency Department staffed entirely by Board-Certified physicians.

2010

First of five consecutive years to be named one of the nation's Top Performer's on key quality measures by The Joint Commission, the leading accreditor of healthcare organizations in the United States.

2021

Received Level II Trauma Center verification making us the first and only hospital in St. Tammany Parish to achieve this distinguished classification.

2022

Named Top Workplace by *The Times-Picayune* and *The New Orleans Advocate* for the fifth year in a row.

2023-24

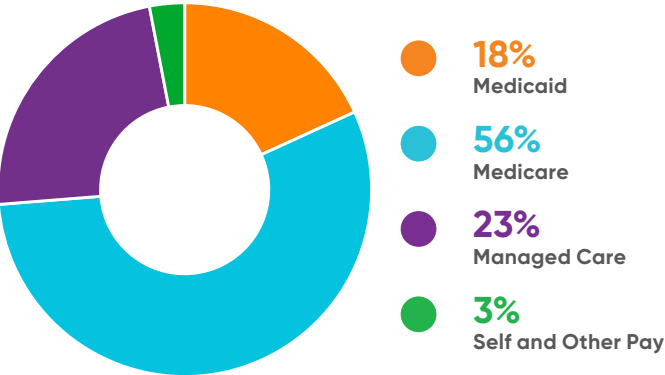

Lakeview Hospital became part of LCMC Health through a strategic partnership aimed at strengthening healthcare services and expanding access to high-quality care across the region.

Lakeview Hospital trains over 590 future healthcare providers every year
