

Compassionate care, on your side

Lakeside Hospital and East Jefferson General Hospital continue to provide the knowledge, expertise, and specialized care vital to the healthcare needs of Jefferson Parish for over 60+ years.

Over 100,000 of the babies born in Jefferson Parish over the past six decades were born at Lakeside Hospital. Founded in 1964 as a maternity hospital, Lakeside is known for extraordinary care treating women and babies, while our services have expanded to meet the healthcare needs of the whole family.

Gregory A. Nielsen
Chief Executive Officer
East Jefferson General Hospital
and Lakeside Hospital

“My commitment to advancing healthcare excellence and fostering a culture of compassionate care will guide our journey towards continued success and positive experiences for our patients and this community. Together, we will build on the hospital’s legacy, ensuring a bright and healthy future for Jefferson Parish.”

Our unique history and growth

1964

Built and opened in 1964 as a 94-bed facility.

2005

Lakeside merged with Tulane Medical Center, changing its name to Tulane Lakeside Hospital, and was one of the few facilities to remain open throughout and after Hurricane Katrina.

2015

Celebrating a milestone—Lakeside Hospital delivered it's 100,000th baby.

2023

Lakeside Hospital joined LCMC Health as part of a strategic partnership to enhance healthcare services and expand access to quality care in the region.

2024

Lakeside Hospital and East Jefferson General Hospital joined efforts to optimize healthcare for the Jefferson Parish community, providing ongoing services.

About our hospital collaboration

Lakeside Hospital works in conjunction with East Jefferson General Hospital (EJGH) to care for the residents of East Jefferson Parish. Lakeside Hospital and East Jefferson are managed by the same executive leadership team to ensure a collaborative and impactful patient care model. Both hospitals are proud to partner with Tulane School of Medicine and LSU Health School of Medicine to train the next generation of extraordinary physicians and bring advanced medical research and technology to Jefferson Parish. Together we are advancing academic and clinical excellence for a healthier future.
